October pack meeting review: We made den totems. Consensus was boys enjoyed this activity.

Den Totems: Shelly reported that beads are earned by boys and placed on their own pieces of leather attached to den totem. Beads are earned by attendance, uniform inspection, and special events/ideas to keep scouts excited. Beads will be awarded to boys who attended the park cleanup this last Saturday. Akela feathers awarded for parent participation. Any new ideas welcome!

Space Derby: Joe Farnen coordinating. Per Joe, the apparatus has been built by Al B. and Joe F. There will be no trophies – participation patches will be awarded. Tiger Den to provide refreshments. The parents of Den 5 will provide help for this meeting.

Needed: Parent volunteers to store the Space Derby equipment after the meeting.

3 stations to be running: Boys grouped as follows:

Tigers, Wolves and Bears, Webelos

1. Space Derby – not a race.
2. Measure space rocket's ability to go up a line.
Farthest rocket up the line will receive a certificate in each rank.
3. Snacks and boys work on totems. Shelly bought stickers to decorate them.
